

Welcoming Our New Organizer, Modupe Okunlola

Our part-time Organizer, Leanna Wiebe, has resigned. We are grateful for her many contributions, especially in member outreach. We are sad to say good-bye, and we wish her much joy and success in her next endeavors.

We are very pleased to have hired Modupe Okunlola (Mo), to take over the Organizer role. Mo brings her passion for working with farmers and a wealth of experience working in the agriculture sector, both in Canada and in Nigeria. She brings a strong background in sustainable agriculture, community development, and farmer engagement.

She holds a Ph.D. in Agriculture and has extensive experience working with farming communities to improve food security, strengthen farmer networks, and promote resilient agricultural practices. Mo is committed to supporting farmers, strengthening rural communities, and amplifying the voices of producers across the province.
